

Hello!

Thanks for purchasing this «**DNA Medical Trailer**» much appreciated and I hope this project will fit your needs!

It's really easy to customize:

1. Place your footages in "Placeholder_01-04" compositions.
2. Edit texts in "Text_01-05" comps.
3. You can easily change colors with «COLOR CONTROL» layer in "_EDIT_COLOR" comp.
4. After that, render "_FINAL_RENDER" composition.

Fonts that I've used in preview:
